

The resort features 162 rooms and suites with magnificent views of beautifully landscaped gardens, the surrounding Hajar mountains and the picturesque Gulf of Oman. The resort, designed by Jean-Michel Gathy, celebrates the harmony between the architecture, interior and landscape to exemplify GHM's signature style of incorporating local touches to contemporary Asian designs. Renowned landscape architect, Karl Prncic, then masterfully ordered the 21 acres of gardens and water features in a simple yet elegant Asian Zen-style while The Restaurant's open kitchens are the masterpiece of Yasuhiro Koichi of DESIGN STUDIO SPIN in Tokyo. Other unique design features include The Long Pool, a 103-metre infinity pool – the longest in the Arabian Peninsula, and the 1,500-square-metre Spa, one of Muscat's largest spa and wellness havens. The Chedi Muscat is The Leading Hotels of the World's only member hotel in Oman.
